Woo Way

by James Downton

Banks use summer camps for rich millennials as a way to woo future. Every WOO comes with an adhesive mount that's used to attach the sensor to your board. For maximum accuracy, the sensor needs to be placed in the center of the board. The sensor is used to capture the movement of your body and the board, allowing for a more personalized and engaging experience.

The WOO Mount - User Guide - WOO Sports

The WOO Mount is an innovative solution for attached sensor mounts. It comes with a mount and a recording device, allowing you to record your movements and share them with others. This makes it a great tool for both experienced and beginner kiteboarders.

Adding and Managing Products - WooCommerce Docs

Discounts Per Payment Method for WooCommerce WordPress.org

Discounts Per Payment Method is a feature that allows you to assign different discounts to different payment methods. This can be useful if you want to offer different pricing to customers who pay with certain methods.
